Rep. Cramer Visiting Center Mon.

U.S. Rep. Bud Cramer is visiting Marshall Center Monday. Cramer will meet with Acting Center Director Carolyn Griner and be briefed on Marshall's Space Transportation and Microgravity Research Programs.

Town Meetings Set for 1:30 p.m. Mon. and Tues. in Bldg. 4200

Town Meetings at Marshall are set for 1:30-3:30 p.m. Monday and Tuesday in Bldg. 4200, room G-13. Tuesday's meeting concludes the six meetings held by Acting Center Director Carolyn Griner where she will have presented her thoughts on how to revitalize certain aspects of the Center's culture.

No Action Seen Necessary at 22 MSFC Sites on 'Superfund' List

After a five-year detailed study, Marshall has determined that no further action is necessary at 22 of 95 Center sites that have been identified for study and cleanup under the federal Superfund Program. The proposed plan to take no further action for the 22 sites is based on findings that the sites do not pose a threat to human health or the environment. Study of the remaining sites is continuing under the Superfund Program by the Center's Environmental Engineering and Management Office in cooperation with the U.S. Environmental Protection Agency and the Alabama Department of Environmental Management. A public comment period is Sept. 16-Oct. 15 and a public meeting will be held 5-7 p.m. Tuesday, Sept. 29, at the Huntsville/Madison County Public Library. **Contact:** Mary Rutledge, 4-5252
